

(received by email – 17/02/2010)

The prints arrived safe and sound on Monday{shortened}

They look great, I'm very happy with the quality. From what I can tell they look exactly as they appear on my computer screen which is also good to know for future reference. I'm going to get them framed up and then consider if I want to do some more.

I will definitely recommend your service to anyone who asks
{shortened}

I've shown them to a couple of friends and they were impressed.

Regards,

J.L.
