Re: Thank you to giantprint.com.au

I am writing to you in my capacity as Founder and Medical Director of the Australian Suicide Prevention Foundation, to thank you most sincerely for your excellent product donated to our work.

As you know, at very short notice!, I asked if you could make some poster enlargements of our A4 material, and if you could design and print a post incorporating our logo, and add extra text. My CEO and I were very pleased with the result, and with your very rapid turnaround. The posters looked very high quality on our exhibition stand at the Suicide Meeting we attended over the next couple of days. Thank you also for donating the very neat frames to hang the material you had prepared.

We are very grateful for your assistance, and I wish you the very best with your new business.

Yours sincerely,

David Horgan
